

Reflector (NR/R/PAR/E/A/P/PC-shape)

Reflector Colours diam 50/63/80 mm

Product Description

- Externally lacquered reflector lamps in various colours for striking indoor lighting effects

Product Benefits

- 25% more light in the centre of the beam (NR50 and NR63 versions) than standard coloured reflector lamps

- NR50 and NR63 versions are small lamps producing low illuminance levels for subdued lighting

Product Features

- More concentrated beam with less stray light, providing a high degree of visual comfort
- Significantly improved beam light distribution, with no black spots

- Modern appearance with distinctive flatter-top shape and recessed neck
- Produced with cadmium-free lacquer

Application

- Homes children's bedrooms and in-house bars
- Social areas, bars, night clubs, dance halls, theatres
- Show windows
